

CONTRACTOR BODY

**BUILT TO THE
TOUGHEST STANDARDS:
YOURS.**

FEATURES AND OPTIONS CONTRACTOR BODY

CONTRACTOR BODY

You know Reading Truck for its commitment to customers, innovation and its more than 65 years of manufacturing excellence. We have taken that engineering expertise and your feedback to deliver a Contractor Body — expanding our offering of durable work truck bodies built with long-lasting American craftsmanship. Our new Contractor Body is built to withstand the toughest conditions with its A60 galvanized steel construction, E-coat primer and powder-coat finish.

Ready to perform with its customizable design and workspace so you can work the way you want.

STANDARD FEATURES

1 FLOOR MATERIAL

Made from 12 gauge hot-rolled deck plate and mounted on 16' crossmember centers for long-lasting durability.

2 GATES

Seventeen-inch high rear and side gates fold down to serve as extra workspace while making quick work of loading and unloading cargo.

3 REAR APRON

Designed as a one-piece bolt-on apron for easy replacement. The apron houses the taillights, marker lights and license plate.

4 LED LIGHTS

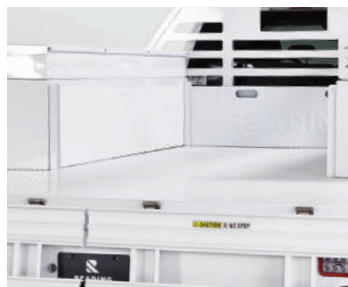

LED lights for worry-free, low-maintenance service, including clearance, marker, stop, tail, turn and reverse lights.

5 TAILBOARD

Customize your cargo space with a movable tailboard that can create one large storage area or two smaller ones.

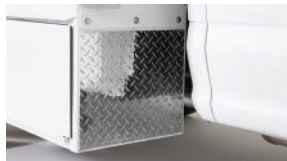

Tailboard position 1

Tailboard position 2

6 GRAVEL GUARDS

Prevent stones and other debris from damaging your truck's panels.

7 MATERIAL RACK

A forklift loadable material rack that extends the full length of the truck featuring removable/movable storage bars with wire lock pins to hold the bars securely in place. Rear bar swings out for easy access to the rear of the body.

8 TOOLBOXES

Toolboxes, with stainless steel T-handle locks, provide lots of open storage for easy access to your tools and equipment. A shelving unit (one included per box) can be easily moved from side-to-side.

9 BULKHEAD

An interchangeable tapered bulkhead available in 42" or 48" with openings to improve visibility from the cab.

10 HITCH AND ICC

A 20,000 lb. ICC Class V hitch with a 2½" receiver tube and ICC underride comes standard.

POPULAR OPTIONS

1 SPACEMAKER®

Offers additional locking storage that can be mounted curbside or roadside.

2 SHOVEL BOX

Ideal for storing longer pieces of equipment with easy-to-reach open access and can be mounted curbside or roadside.

COLOR

All parts are available in white and black.

WARRANTIES AS STRONG AS OUR BODIES.

Your truck is the heart of your business. When it doesn't perform, you can't perform. We back our work truck bodies and installations with some of the strongest, longest warranties in the business. Product registration is fast and easy on our website, readingtruck.com.
